

## EDUCATION

### Universitat Pompeu Fabra (UPF)

BSc in Mathematical Engineering in Data Science (Fully in English)

Barcelona, Spain

Sep 2022 – Jun 2026

- **GPA: 8.75/10**
- **Founding Board Member of the Engineering Hub** · Minor in Entrepreneurship · Member of the Entrepreneurship Society
- Exchange student at University of British Columbia (UBC)

### London School of Economics and Political Sciences (LSE)

Summer course: Managerial Accounting and Financial Control

London, United Kingdom

Jul 2024 - Aug 2024

- Grade: A+ (Discovered that tech world is 1000x more useful, challenging and exciting)

## EXPERIENCE

### Stanford University

AI Research Assistant

Remote (US)

Dec 2025 – Current

- Extending a state-of-the-art neural network for feature-level distribution shift detection to infer feature importance

### REVER (YC S22)

Product Automations Intern

Barcelona, Spain

Apr 2025 – Sep 2025

- Joined after winning an internal hackathon (while drunk), outperforming 30+ candidates
- Took full ownership of logistics integrations from day one, delivering end-to-end solutions across carriers, 3PLs, and ERPs despite poor API documentations
- Unblocked €3M+ GTV and generated €200k+ revenue through custom logistics automations

## ACHIEVEMENTS & PROJECTS

- **€10k Winner, AI Search Analytics Hackathon (Peec.ai)** - Built a Chrome extension that captures LLM prompts and shows relevant discount coupons. Classified user intent and clustered queries to generate actionable brand insights for GEO (**36 teams participated**)
- **€6k Winner, Data Challenge** - Built an AI-powered web app that detects the failure risk of smart water meters and visualizes it on a map (**>45 teams participated**, including a university professor).
- **9x hackathon participant, 5x finalist, 4x winner (44.44% win rate)**
- **Zaguik (Research Paper)** - Built a zero-knowledge attestation pipeline proving that LLM outputs pass privacy filters without revealing the content
- **Finalist - CICAIE Debate League (High School)** - One of Europe's top debate leagues with 40+ participating schools

## ADDITIONAL INFORMATION

*Languages:* English Proficient, Spanish and Catalan Native, French Intermediate, German Beginner

*Technical Skills:* Python, AI/ML, Deep Learning, SQL, React, TypeScript, Node.js

*Interests:* Human Behavior, Poker, Endurance Sports, Snowboarding
